

This job aid provides step-by-step instructions for using FPMT's receivable lease renewal wizard to renew (1) a receivable lease contract associated with an owned facility or (2) a receivable lease contract that expires prior to the master lease contract. Receivable leases that expire at the same time as a master lease should be renewed as part of the [master lease renewal](#) process. These instructions apply to facilities only and are not applicable to land and other assets.

FPMT has been expanded to meet new Governmental Accounting Standards Board (GASB) requirements. In addition to new functionality, system updates include new user roles as well as changes to existing business processes. Refer to the [What's New with FPMT](#) job aid for a high-level overview of system updates. As part of FPMT's new functionality, the system will send accounting entries to the Agency Financial Reporting System (AFRS) for leases that meet GASB criteria. Refer to Statewide Accounting's [GASB 87 web page](#) for lease decision trees and other background information to help you determine whether a lease is in scope for GASB.

### Wizard basics:

- The wizard opens in a new window, which will close when you complete the renewal. Once the renewal window closes, you will need to refresh your original FPMT window to see all of the changes.
- Once you Save and Close the renewal, you cannot go back into the wizard.
- Make sure to allow enough time to complete the renewal process in one sitting. If you time out during the renewal process, you will lose your data.
- You navigate through the wizard, by clicking the Next or Previous buttons.

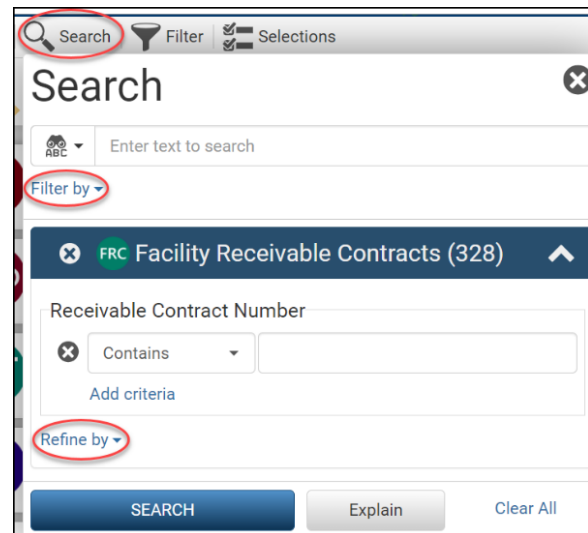

## Launch the Receivable Lease Renewal Wizard

Navigate to the expiring receivable lease contract and launch the lease renewal wizard.

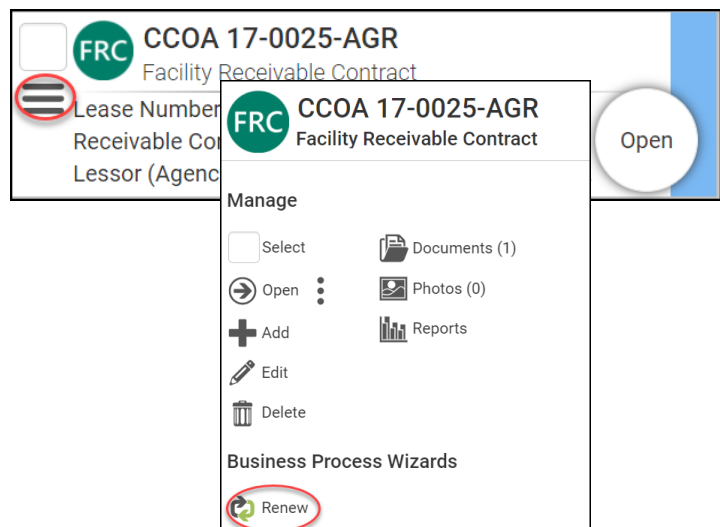

1. **Open** the Data Explorer module.

2. Select the  **Search** button on the data explorer tool bar.
3. Select **Filter by** and choose **Facility Receivable Contracts**.
4. Select **Refine by** and choose **Receivable Contract Number**.
5. Enter the lease number for the expiring receivable lease contract.  
→ If you need to locate the expiring receivable lease contract number, run the Receivable Lease Contract Inventory Report available via the menu button on the agency tile.
6. Select 

7. Select the  menu button on the facility receivable contract tile
8. Select  **Renew**  
→ FPMT will open the receivable lease renewal wizard in a new window.  
→ The system will automatically populate information from the existing receivable lease. You may update this information if there are changes.

## Renew the Receivable Lease Contract

### 1. Enter agency data. Red fields are required.
